

Send personal texts with UpVote

Choose people you know. Review each prepared message, then tap Send.

VOLUNTEER QUICK GUIDE

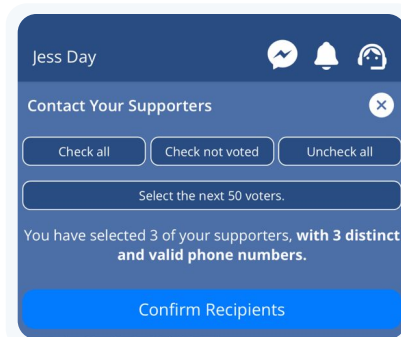

1 Open Bulk text

Go to Outreach. Use the funnel icon to filter if needed, then tap Bulk text.

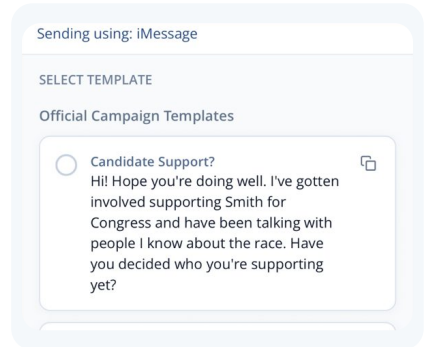

2 Choose recipients

Select 50 or fewer. Review the people and valid-number count, then tap Confirm Recipients.

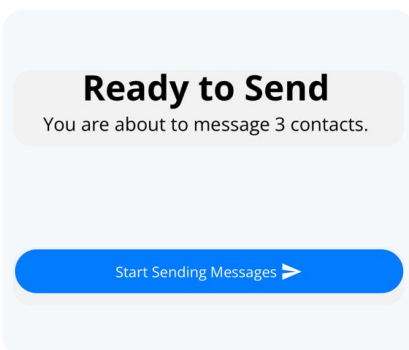

3 Pick your message

Choose your texting platform, then Continue. Select or create a template, include your name, and continue.

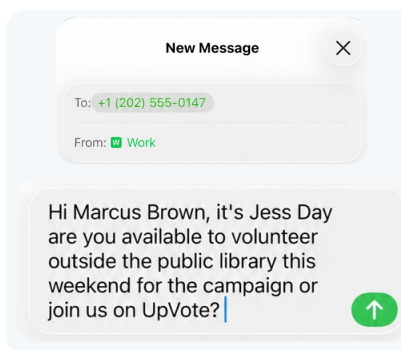

4 Start the batch

On Ready to Send, check the contact count. Tap Start Sending Messages.

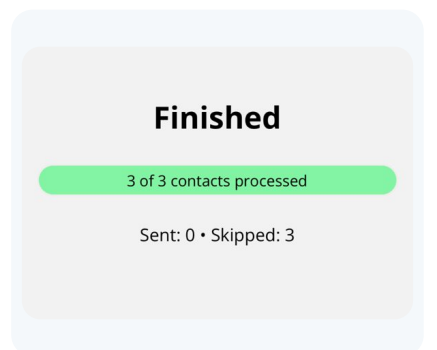

5 Review, send or skip

Check To: and the text. Edit if needed. If the saved name is missing or unfamiliar, tap X to skip.

6 Check and follow up

On Finished, review Sent and Skipped. Tap Back, answer replies, and log responses.

iPhone Tap Send. The next prepared message appears.

Android After each send, return to UpVote to open the next message.

Keep your outreach personal and paced

150 recipients per rolling 10 hours

50 recipients per hour

Send in small batches. Take breaks for replies and record responses.

SMS and iMessage recommendations, not guaranteed safe limits. Spread outreach throughout the day.
